PAYING FOR CHRISTIAN EDUCATION

To be a school of quality, one that offers quality curriculum taught by quality instructors, in a quality facility with quality tools and resources costs money. Money is integral to quality, in that quality requires investment in order to achieve a desired outcome. "It is our ambitious goal that no child is denied a Christian education because of finances. Your gift is always tax-deductible and it feels great to make a difference!

Need to know more, please contact Jill Simon / jsimon@misda.org / (734) 420-4044 for a personalized education conversation.

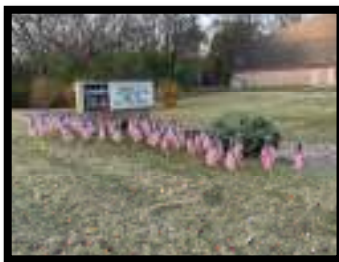

Yipee! Mort wants to remind you that we all get a "long" weekend (sort of). It's time to turn those clocks back (in other words Fall backward) and we get 1 extra hour!

Week of Prayer

Our Fall Week of Prayer will be held next week November 6-9. It will be conducted by Pastor Jared Thomas of the Oakwood Church. Please remember our students in prayer during the coming week.

There is still time to donate to the MJA Field of Honor flag project. We will accept donations until November 10. Cost is \$20 for a small flag with one military persons name. Large flags are \$50 and you may list a few names. Envelopes are available on the table in either the church lobby or school lobby (when you go to Potluck)

Thank you for supporting MJA.

Unfortunately November means it is time to remind parents of what happens when those fluffy white snowflakes start falling.

In the event that we receive a significant amount of snow, there are a few options so you will know if Metropolitan Junior Academy is closed for a Snow Day.

MJA is actually located in Northville Twp., however, we have a Plymouth mailing address. For this reason we are part of the Plymouth Canton School District.

If you turn on the TV (or get email notifications from one of the local news stations) and either Plymouth Canton Schools OR Northville Schools are closed, then MJA is closed. You can also just Google in School Closings and it will give you a list of closings in the area.

Mrs. Simon will usually follow this up with a One Call Now. Since our students come from various suburbs and travel a distance, we try to inform you as soon as possible.

The final day to turn in your Move A Thon donations is Thursday, November 9. We have received Sponsor Lists and envelopes from a few students, but need to collect the remaining ones. Several donors have written checks and are anxious to have their checks deposited in the bank.
